SUMMARY

A highly motivated and creative individual passionate about designing and developing user-friendly websites and applications. Seeking a Front-end Developer role to utilise my skills in HTML, CSS, and JavaScript to create innovative and interactive web experiences.

Projects

- Interactive Multiplication App: Designed and developed an Interactive Multiplication App website using HTML, CSS, and JavaScript. Utilised responsive design techniques to ensure optimal viewing on all devices. (<https://github.com/lydee/Dynamic-Multiplication-app>)
- E-commerce Website: Contributed to the front-end development of an e-commerce website using Html and CSS. Implemented designs from mockups and assisted with the integration of a payment gateway.

Professional Experience

Confirm Bets – Lagos, Nigeria May 2019 – Present

Role: Customer Relations Manager

- Provided a constant outlet for customers to contact the business, and assist clientele with questions.
- Advertised services online, and performed market analysis to better target the audience.
- Attended trade shows and events to provide media coverage and post live to social networks.
- I used knowledge of products and services to build sales.

Davdanarik Enterprise – Lagos, Nigeria June 2018 – April 2019

Role: Cash Transfer Officer

- Compiled and submitted regular project reports and updates
- Helped oversee the delivery of regular cash transfers
- Ensured the effective and efficient use of company resources in order to keep costs low and ensure safety in the workplace

DRESSRITE – Lagos, Nigeria November 2017 - May 2018

Role: Customer Service Representative

- Effectively communicated to clients using customer-friendly and appropriate language to explain customer bills and payment issues, and handle billing disputes consistent with Dressrite standards.
- Maintained quality control/satisfaction records for thousands of calls.
- Provided backup support for the on-site manager responsible for a staff of 10.
- Scheduled reservations and handled the billing process.
- Acted as a Dressrite representative by sometimes bringing customer items to them personally.

SKILLS

- Proficient in HTML, CSS, and JavaScript
- Experience with React.js and Vue.js
- JavaScript: Ability to write basic JavaScript code and experience with popular JavaScript libraries such as jQuery
- Responsive Design: Experience in creating responsive designs using CSS media queries and frameworks such as Bootstrap
- Strong understanding of responsive design and cross-browser compatibility
- Knowledge of UI/UX design principles and ability to implement designs from mockups
- Familiar with version control systems (Git) and project management tools (Jira)
- Excellent problem-solving and time-management skills
